Construction Department Covid-19 Protocol

The Turtle Mountain Band of Chippewa Indians Construction Department will work on active projects during the coronavirus crisis. At this time, there are no projects under physical construction. The 2020 construction projects are currently in award and bidding phases. If any project advances to the construction phase we will implement the following safety precaution to limit potential spread of the coronavirus:

- Anyone displaying signs of illness will be sent home immediately and safety representatives notified.
- Designated hand washing stations will be made available.
- Cleaning of high touch point areas such as stairwells and access locations.
- Majority of design team will work remotely.
- Limit access to areas under construction.
- Required safety orientation.
- Federal, state and tribal safety regulation will be executed.
