The Turtle Mountain Sex Offender Registry Department will continue to serve the community during a Public Health Crisis as follows:

- We are limiting the public and office visitors, due to the health safety of the staff and the public.
- We will be mailing the “Offenders Registration update letter” also a phone call will follow instead of hand-delivering the update notices in person.
- We are still doing registration for those who are required to register with our department.
- We will still be doing the home visits (Monitoring), to make sure the information provided to us is correct.
- If you need to stop by the office please call ahead, so we can make the correct accommodation for the safety of our clients and for the safety of the department staff.
- In case of an emergency shut down (preventative measures concerning COVID-19) we will have to make a few more arrangements, but registration will still be a commitment for those who are required to register.

Thank you for your help with the safety of everyone,  
Department Management
